- **Azure Cloud Programming certificate**
- **Networking and Cybersecurity certificate**
- **CyberSecurity Certificate - SemiColon**

ENGLISH IELTS
UK English proficiency test with a score of 6.5.

EXPERIENCE

CODING EXPERIENCE

WEB DEVELOPMENT

BSA – Remote Qatar 1 Year

- I excel in creating responsive designs that provide optimal user experiences across various devices and screen sizes.
- Designed and implemented multiple features to increase app usability and user experience while ensuring the quality, maintainability and scalability of the front end as the user base grew by over 50,000.
- Coordinated major refactors targeted towards app optimization and performance resulting in a smoother user experience and accomplished by eliminating redundant re-renders and API calls by over 50%.
- Directed and executed an internal migration of 3 individual repositories to a single monorepo, greatly reducing overhead for developing new features, fixing bugs, and managing dependencies.
- Rebuilt the website with React and shared mobile app components

WEB DEVELOPMENT

Vision Off-Shore – Remote Qatar 1 Year

- Architected and developed EventBuz, a comprehensive event management platform, from the ground up using React.js
- Designed and implemented dynamic, user-friendly interfaces to enhance the user experience.
- Built and maintained reusable components and front-end libraries, ensuring code efficiency and modularity.
- Translated high-fidelity designs and wireframes into high-quality, responsive code.

MOBILE DEVELOPMENT

WeCanSync – On-Site 5 Months

- Proficient in Front-end Technologies, expertise in creating modern and intuitive user interfaces.
- Version Control Systems, Proficient in using Git for version control, facilitating collaboration with teams and ensuring efficient code management
- Performance Optimization: Skilled in optimizing front-end performance, employing strategies to minimize page load times, reduce HTTP requests, and optimize assets for improved performance.
- Adept at troubleshooting and debugging code efficiently using developer tools and other debugging techniques.

FREELANCE

FIRELINK STUDIOS – Remote (Current)

Business and marketing decisions - Team Management

- Mobile Development Freelance

- Web Development Freelance

2023
